Minutes of the Executive Committee - 07.09.1995/Kiskunfélegyháza

Decision: the congress unanimously adopted all the minutes.

- The president announced that due the very serious control of new applications a high number of new applications were refused.

### 5. Managing Director's information

Mr. J. Chenal gave information about the IBSSA training program in France.

### 6. Treasurer's report

George Popper gave information about the financial situation. He explained that in 1994 the founding members agreed that until the International Federation will have enough money to cover the expenses of the operation, - the founding members will pay all expenditures and this will be accepted as their contribution instead of membership fee. As in 1995 expenses were still much higher, than incomes, this contribution was still necessary and accepted. He also introduced the new IBSSA membership card with metal badge and leather holder.

He informed that as the year 1995 is not finished yet, not closed financially, so the first official auditing will be done only in 1996 and Mr. Galais, the auditor will report at the next congress. The treasurer also advised, that a very detailed information about finances is included in the minutes of the Executive Committee meeting held on 7<sup>th</sup> September 1995 in Kiskunfélegyháza/ Hungary.

Finally the Treasurer requested all members that they should transfer the membership fee in December - to allow the administration to issue the new membership card before the year starts.

He thanked the extra contribution of some Hungarian members, which allowed organising the 2<sup>nd</sup> congress on a very high level.

## 7. Structure of IBSSA

Mr. Fritz Wendland General Director of IBSSA gave information about the structure of IBSSA and he proposed the same for continental, regional and national level. (See enclosures)

## 8. Lecture: private security in Europe

Mr. Fritz Wendland informed the congress about the different situation in – European countries. He highlighted that the main difference is base on if there is an existing law on private security or not. If there is a law, than it has to be followed, if there is no special law, than for private security the same law is valid as for any other company, it means they have the same rights than any other citizen.

He also explained the relation between police and private security the differences in their responsibilities and the proposed forms of cooperation.

He also gave some new examples about the changing situation. He named the post office and the railways, which were before owned by the state but after privatisation the security, will not be assured by the state - police.
