

Report on the establishment of Abu-Dhabi World Family Forum
4th – 6th June 2007
Abu-Dhabi, United Arab Emirates

The conference on "**Security of children and families**" was held in Budapest between 14 – 15 September 2006 with the participation of several international and national organisations. The idea came from Prof. George POPPER – President of the International Union of Family Organisations (CIP-UIOF), who regularly deals with this issue in his other kind of positions.

IBSSA organised this conference with the help of CIP-UIOF, IFFO (International Federation of Family Organisations) and other associations and with the patronage of the "Sovereign Order of Saint John of Jerusalem, Knights of Malta, Federation of the Autonomous Pories" (KMFAP).

The main purpose of this conference was to introduce the different international organisations – which work for the same goal and their activities closely relate – and also to start close cooperation between the host and invited organisations.

The result and success of this conference:

we were invited to take part in the founding committee of **Abu-Dhabi World Family Forum (AD-WFF)**

H.E. Lady Anna POPPER (Hungary) – Chairman of Event Management and Protocol Department, General Secretary of IFFO and H.E. Lady Maria Teresa da Costa MACEDO (Portugal) – President of "Mission Europa", Honorary member of IBSSA, former State Secretary in Family Affairs of the Portugal Government were invited officially to participate the event and they were nominated to the International Founding Committee of AD-WFF.

Mission of the Abu-Dhabi World Family Forum:

- To foster and uphold the spirit and wholeness of the family
- To reiterate the philosophy and spirit of the partnership between Families and non-government organizations

Objectives:

- To promote and highlight values of freedom, democracy, equality in rights and responsibilities that enhance the building of secure, healthy and wholesome family
- To enhance the partnership within the family, strengthening the relationship among family members and providing opportunity to participate in family decision making
- To promote collaboration and fruitful interactions among family organizations at national and International levels
- To identify the needs of services and implement diversified programs to maintain and promote the sanctity, dignity and integrity of the Family
- To develop a shared monitoring mechanism and communication system for the collection and collation of information and research data for efficient analysis and dissemination to members and other concerned organizations
- To promote and organise national, regional and international Conferences, Seminars, Workshops to further understanding the role and importance of families
